

# Dr. Pierce's Health Talks

The miracle of motherhood is often overshadowed by the misery of motherhood. The great functional changes which are incident to child bearing leave their mark for life on many a mother. Some women offer up their lives as a sacrifice on the altar of motherhood. A far greater number live on in ceaseless misery. Their strength fails, their beauty fades, they have no ambition and no enjoyment in life. To every woman

## ADDITION TO BLOODED LIST

SON OF WORLD'S FAMOUS MAMBRINO BAY IN OGDEN.

Local Horseman Purchases "Remember." Member of a Great Speed Producing Family.

The wealth of fine horse flesh which Ogdan is so justly proud of, has been considerably augmented by the purchase of the famous pacer stallion, "Remember," 2:15 1-4, by C. M. Dee. The local horseman has just returned from the north, bringing with him the standard bred and registered horse which has long been the envy of northwestern horse fanciers. "Remember" is a beautiful seal brown, stands 15-3, weighs 1,100 pounds, and is a perfect type of the standard bred harness horse. Bred in the purple, being by the world's famous Mambrino Bay, the best son of Mambrino Patchen. His dam was the great brood mare "Remembrance," dam of three standard performers and grand dam of ten. "Remembrance" was by the great "George Wilkes," the best son of "Hambletonian 10." "Remember" comes from the greatest speed producing families the world has yet known, his ancestors all being producers for six generations. That he will transmit his speed and courage is shown best by a glance at some of his descendants, which include several standard performers, such as "Cherry Prince," 2:10 1-4; "Pathmaster," 2:16; "Agnes," 2:18 1-4 (trial 2:14 1-4); "Baby Forster," 2:20 1-2, and several others. Mr. Dee is to be congratulated upon securing this high class horse which will add much to the increasing interest in light harness horses in this section.

## RETURNED TO THE CAPITAL

ASSISTANT FORESTER ADAMS PLEASED WITH CONDITIONS.

Business System in Uniform Operation in Six Districts Without Loss of Time.

Captain James B. Adams, assistant forester of the forest service, who has been in the city on a brief visit of inspection and conference, left yesterday afternoon for Washington, D. C. Captain Adams was much pleased with the settled condition in which he found the Ogdan offices so soon after their organization. The business system in uniform operation in the six district headquarters, from which the figures are brought together and summarized in the Washington office, is his personal creation, all records of a monetary nature on a double entry basis being subject to a daily balance.

After devising the system and having the forms printed, all new and old cards or sheets for loose-leaf binders, Captain Adams put the fiscal agents through a week's drill, and then had the records packed in their individual trunks for transportation to the respective districts in the west. Thus an interruption of business was of but from three to six days' duration, or the actual time consumed in traveling from Washington to the various district offices.

Captain Adams stated that a conference had just been concluded with District Forester Leavitt, L. L. White, chief of district timber sales, and other officials of the local office, relative to the discontinuance of the free-use permits in the Targhee district. He said that, as a result of the conference, it had been practically decided that the immediate discontinuance of the free-use permits would not go into effect, and, in fact, might be postponed for a term of years, although the natural tendency throughout all forest regions was toward the discontinuance of the free-use of sawed lumber.

## NEW YEAR GREETING TO ALL

1908 USHERED IN WITH LOUD ACCLAIM IN OGDEN.

City Celebrated Passing of the Old Year With Typical Western Bonhomie.

The year 1908 has passed into history and the new year, 1909, is now before us. The passing of the old and the advent of the new year was signalled at midnight last night in Ogdan by the ringing of bells, the blowing of whistles and general hilarity on the part of the people. Watchnight programs were in vogue at the various churches of the city, and many parlors of the comfortable homes were lighted in social glee. A fond farewell was given the passing year, and a happy greeting given to the new year of 1909. The working engines of the yards were dressed in brilliant attire, and the long, sad blasts immediately followed by the shrill and joyous shrieks from the throats of the great engines pronouncedly signalled the passing of the old year and the advent of the new.

Administrator Discharged.—In the matter of the estate of Isaac H. Shaver, deceased, a decree of final discharge of administrator, Thomas B. Farr, has been entered.
